To Whom It May Concern,

It is my honor to recommend Kayla Foister for student teaching through Oakland University. I have had the pleasure to know and work with Kayla. She observed in my kindergarten classroom as part of her pre-student teaching experience. She spent 72 hours working with my class.

Kayla brings all of her energy, enthusiasm and professionalism to the classroom. She had an opportunity to work with individual students, small groups and whole class activities at which she excelled. In addition, some of her responsibilities included classroom preparation, planning and assessments. One of Kayla's strong points is her ability to understand elementary students. As a professional she treated each student fairly, knew the curriculum and most importantly, she was nice to kids.

It is my pleasure to witness a young person come into an elementary school and leave with a sense of pride for a job well done. On a personal note, I never had to worry about good teaching, professional behavior and I knew Kayla would always put students first. I highly recommend Kayla for any position she is applying for.
